ROAD CLOSURE QEII DRIVE FOR TWO NIGHTS

The Christchurch Northern Corridor (CNC) Alliance team will be pouring concrete for the new QEII Drive Overbridge on **Tuesday night 11 February and Wednesday night 12 February**. QEII Drive will be closed between Main North Road and Hills Road/Innes Road roundabout.

The first night we will be pouring the concrete for the new bridge deck. Beams for this bridge were placed in December last year. On the second night we will be finishing and cleaning (water blasting) the new concrete deck. Wet weather may extend this work by one or two days.

Due to the nature of the works we have to close the road. We have planned this at night when the traffic volumes are low. Cyclists on the QEII Drive path are not affected by the road closure; the Winters Road and Grimseys Road subways are open as normal.

Nearby residents will hear the noise from the machinery, the trucks and the crew working at night.

TRAFFIC IMPACT

During the night work QEII Drive will be closed in both directions, between Main North Road and Innes Road. The night work starts at 9pm; QEII Drive/SH74 will be open again by 6am the next morning. Traffic (excluding cyclists) on QEII Drive will be diverted at Main North Road and Innes Road roundabout.

People on Hills Road will still be able to turn left out of Hills Road heading east on QEII Drive. There is no access to and from QEII Drive at Winters Road, Grimseys Road and Philpotts Road.

Residents only, on QEII Drive and Winters Road-east, will still be able to access their homes via the entry gates at Philpotts Road. There will be a traffic controller with a pilot vehicle on site to escort you to and from your property.

Diversions via Marshland Road, Innes Road, Cranford Street and Main North Road will be in place.

Southern Interchange: the new motorway will go over QEII Drive on a bridge. Access to and from QEII Drive and the new motorway will be provided by double roundabouts.

DIVERSIONS IN PLACE

During the night works QEII Drive will be closed in both directions between Main North Road and Innes Road roundabout, see red line on the map. Diversions (green lines) will be in place via Marshland Road, Briggs Road, Hills Road and Innes Road or Cranford Street and Main North Road.

WHAT YOU NEED TO KNOW

- › Our standard construction work hours are Monday to Saturday between 7am and 7pm. Night work starts after 7pm and stops before 6am.
- › There will be increased noise and vibrations associated with most of the construction work. We will do what we can to minimise this.
- › Keep yourself and your children, as well as pets, at a safe distance from the work site. Please stay behind the construction fences at all times.
- › All work sites are subject to weather and other unforeseen conditions. Some jobs will finish early while others may be delayed or rescheduled.

You can call us on 0800 262 200 or email us at info@cncalliance.co.nz or visit our website at www.nzta.govt.nz/cnc or our office at 145 Winters Road (left in and out only from QEII Drive).
