

# Christchurch Northern Corridor QEII Drive-Innes Road roundabout

PROJECT UPDATE

29 APRIL 2020

## NIGHT WORK AT THE QEII DRIVE/INNES ROAD ROUNDABOUT

The Christchurch Northern Corridor (CNC) Alliance team will return to work under COVID-19 level 3 rules. From **Sunday night 3 May**, we will continue with our kerb and channel work at the QEII Drive and Innes Road roundabout.

**Night work is planned for each night from Sunday to Thursday for about two weeks.** Work is happening intermittently.

Nearby residents will hear the noise from the machinery and the crew working at night.

### TRAFFIC IMPACT

During the night work the eastbound roundabout lane will be closed at times. QEII Drive eastbound traffic can drive straight through on the slip lane but cannot turn right at the roundabout to go to Innes Road.

A diversion for Innes Road will be in place via Marshland Road, Briggs Road and Hills Road. See map overleaf.

QEII Drive westbound traffic can turn left into Innes Road as normal.
