

Mill Road

The government is prioritising Mill Road as a Road of National Significance as set out in the [Government Policy Statement on Land Transport 2024](#). Within the next 3 years, we'll progress early construction opportunities for stage 1 of the corridor and work towards securing new designations and consents for stages 2 and 3.

Construction timing is dependent on NZ Transport Agency Waka Kotahi securing necessary funding and approvals. The Government Policy Statement on land transport requires alternative funding and financing be considered. This will include assessing all Roads of National Significance for tolling.
