

This information outlines what you can expect during the remainder of Stage 1 work on the Gray and McBride Street intersection

What	Notice of excavation for stormwater upgrade at Gray and McBride Streets
When	14 October - end October 2024
Where	Gray-McBride Street intersection

What's happening?

Trenching work to underground stormwater services is underway at Gray and McBride Streets for the SH6/6A Frankton Intersection and Bus Hub Improvements Project.

The intersection of McBride and Gray Street will be closed. Access into the Frankton shops carpark will be from SH6 Kawarau Road. Gray Street and the Gray Street public carpark is open from SH6 Kawarau Road.

The SH6A Frankton Road end of McBride Street gives access to Otago Fish Supplies, First Choice Rental Cars, Touchdown Rental Cars, and the underground carpark. Double driveway access to The Doctors Wakatipu is unaffected.

KEY

-  Trench location
-  Traffic flow maintained in both directions
-  Work area

General information

Planning

We've planned it this way to maintain two-way traffic flow along McBride Street as much as possible, and so people can get to the Frankton Village shops via the Kawarau Road end of Gray Street.

Please note, these are our planned dates of work, but they may change if we're able to finish a stage of work more quickly, or if it takes longer due to weather or other circumstances.

Timing

The excavation work will take place for about two weeks, from:

- **14 October - end October 2024**

Work will take place during the day.

Traffic management

Traffic staff will guide people using private driveways on the corner of Gray and McBride Streets.

Have an on-site issue?

Contractor: Kā Huanui a Tāhuna

Phone: 021 0864 2036

Please note: work is weather-dependent, and we'll let you know if we need to change the date of the work.
