

# SH73/75 Christchurch to Akaroa

## Locations showing where people have been injured in crashes on motorcycles and bicycles

While it is a much-loved and popular motorcycle route, it is high-risk, with increasing numbers of riders involved in crashes, especially on the winding hilltop section between Cooptown and Duvauchelle. Cyclists, pedestrians and horse riders all use the road close to passing vehicles. The scenic winding sections have steep drop-offs and reduced visibility, and this is where increasing numbers of motorcyclists are being killed and injured.
