

SH75 Halswell Road Improvements

What	We'll be temporarily closing a road
Where	Warren Crescent (east), between Halswell Road (SH75) and West-Watson Ave
When	Monday 17 and Tuesday 18 June 2024, between 9am and 4pm

What are we doing?

On Monday 17 and Tuesday 18 June, we will be working on Warren Crescent (east) at the intersection with Halswell Road. During this time we'll be locating existing underground services. This work requires a daily road closure, between 9am and 4pm, as shown over the page.

Traffic impacts

The road closure will be in place Monday 17 and Tuesday 18 June, between 9am and 4pm. There will be no access on to Warren Crescent (east) from Halswell Road and vice versa during this time - please use the signposted detour routes via Warren Crescent (west). Outside of our working hours, two way traffic will be reinstated.

Our friendly staff on site can assist with any queries. Footpath access around our work site will be maintained. A temporary 30km/h speed limit will be in place where we are working so we can keep our workers and everyone safe.

Please note: access has been planned for and will be provided for emergency services during this time.

Driveway access

Access to properties and businesses will be maintained. However, we may need to work in front of driveways from time to time. We will try to give you plenty notice of this. However, if you need to get into or out of your property or business and we are in the way, please just talk to one of our friendly staff and we will make sure you can use your driveway.

We're sorry for any disruption and thank you for your patience.

CAN WE HELP?

Please contact Fulton Hogan on 0800 ROAD FH (0800 7623 34) Monday to Friday, 8am - 5pm, to discuss any specific access needs such as nurse/doctor visits or Meals on Wheels deliveries to your property. Contact us at anytime if the matter is urgent.

Traffic management layout

This notice outlines the first phase of construction on Warren Crescent (east). We will need to return to continue with more work here and will update you, closer to the time, with what this will mean regarding traffic management in this area.
