

SH75 Halswell Road Improvements

What	We'll be extending an existing road closure
Where	Aidanfield Drive, from the intersection with Halswell Road (SH75) to Euphrasie Drive/Bibiana Street
When	Friday 30 August 2024, for about 8 weeks

What are we doing?

Unfortunately, due to poor ground conditions, which have required us to dig deeper and use an extra 3000T of material to stabilise the road, plus the recent wet weather, we need to continue work in the intersection for around another 8 weeks.

So far, we have installed new underground services, drainage, and traffic signal ducting, as well as built some of the new kerb and channel. Over the next couple of months, we'll work to complete the intersection and continue to coordinate any remaining work with utility providers to ensure the work is completed. We'll then install the new traffic lights which are still on track to be operating by Christmas. The footpaths will be completed after the road has been built and the intersection reopened.

Traffic impacts

The current road closure will be extended on Friday 30 August for another 8 weeks. There will be no access in or out of this section of Aidanfield Drive during this time - please use the signposted detour routes.

Due to the road closure, the number 60 bus route will be detoured. Information about the bus detours and temporary bus stops will be available at the closed stops, or online at

www.metroinfo.co.nz/timetables/updates

On-street parking will not be available on Euphrasie Drive during the road closure due to the bus route detour. However, parking will continue to be available in the parking bays.

Our friendly staff on site can assist with any queries. Footpath access around our work site will be maintained. A temporary 30km/h speed limit will be in place where we are working so we can keep our workers and everyone safe.

Please note: access has been planned for and will be provided for emergency services during this time.

We're sorry for the continued disruption and thank you for your patience.
