|--------------|---|
| What | We'll be extending an existing road closure |
| Where | Aidanfield Drive, from the intersection with Halswell Road (SH75) to Euphrasie Drive/Bibiana Street |
| When | Monday 10 June 2024, for about 12 weeks |

What are we doing?

Following the recent community feedback request, the overwhelming response indicated that the community would prefer Option A - no access for a shorter time. 95% of respondents selected this option - thank you for taking the time to complete the survey.

Our works will include the removal, upgrade and installation of underground services, drainage and traffic signal ducting, as well as the construction of new kerb and channel, and footpaths. We'll also be building the new road and installing the new traffic lights.

Traffic impacts

The current road closure will be extended on Monday 10 June for another 12 weeks. There will be no access in or out of this section of Aidanfield Drive during this time - please use the signposted detour routes.

Due to the road closure, the number 60 bus route will be detoured. Information about the bus detours and temporary bus stops will be available at the closed stops, or online at www.metroinfo.co.nz/timetables/updates

On-street parking will not be available on Euphrasie Drive during the road closure due to the bus route detour. However, parking will continue to be available in the parking bays.

Our friendly staff on site can assist with any queries. Footpath access around our work site will be maintained. A temporary 30km/h speed limit will be in place where we are working so we can keep our workers and everyone safe. *Please note: access has been planned for and will be provided for emergency services during this time.*

Hours of work

Our normal working hours are Monday to Friday between 7am and 7pm, and on Saturdays if needed. While we are working at the intersection, our working hours may be extended to complete the intersection as quickly as possible.

We're sorry for any disruption and thank you for your patience.
