

SH75 Halswell Road Improvements - Night Works

What	We'll be working overnight
Where	Aidanfield Drive/Halswell Road intersection
When	Monday 2 December 2024, for about four nights, between 7pm and 6am. Our work is weather dependent and may need to be rescheduled to the following night(s).

What are we doing?

From Monday 2 December, for about four nights, between 7pm and 6am, we'll be installing the foundations for the new traffic lights on Halswell Road, at the intersection with Aidanfield Drive.

The work is being done at night when traffic volumes are lower to avoid congestion and disruption. It is also safer for our work crews and road users.

Night works and what to expect

We know that night work is more disruptive to residents so we only do it when we have no other option to get the work done safely. When we work at night some noise from trucks, machinery and the crew is unavoidable. Our team will limit this as much as possible and we'll carry out the noisiest work early in the shift. The crews also need lights to see what they are working on so you may notice extra light in the area.

Traffic and pedestrian impacts

During our work hours, traffic will be reduced to one lane through the area we are working in. Temporary traffic lights will be used to manage traffic through the work area. Please look out for our staff and follow their instructions. Footpath access around our work site will be maintained.

Also, please look out for changes in traffic management and follow signs on site. A 30km/h speed limit will be in place.

We're sorry for any disruption and thank you for your patience.

CAN WE HELP?

Please contact Fulton Hogan on 0800 ROAD FH (0800 7623 34) Monday to Friday, 8am - 5pm, or email cant.info@fultonhogan.com to discuss any specific access needs such as nurse/doctor visits or Meals on Wheels deliveries to your property. Contact us at anytime if the matter is urgent.
