

Temporary closure of SH88 to District Road Roseneath extended

Downer Ltd is building the above project for Waka Kotahi's NZ Transport Agency. The biggest part of this job involves building a shared pathway between St Leonards and Port Chalmers. Other work includes new safety barrier installation, rail realignments, intersection upgrades and other safety improvements.

This is a large and complex project requiring various forms of traffic management to keep everyone safe, while we work toward opening this project by the end of 2022.

We are extending the temporary closure of District Road between SH88 and Reeves Street until the end of March 2022, weather permitting. This to allow drainage, reclamation and shared path construction works to be carried out. A signed detour will remain throughout this period as shown on the attached map.

To help ensure safe access to Roseneath a temporary right turn bay has been installed at the SH88 and Shandon Street intersection.

Location:	District Road from SH88 to Reeves Street
Commencement:	On-going
Duration:	Mid-December to the end of March 2022 weather and site conditions permitting
Working hours:	This closure will be in place 24 hours a day, seven days a week. A signed detour will operate throughout
Temporary Bus Stops:	The Reeves Street bus stops will remain temporarily closed. Alternative bus stops are available on SH88 near Noyna Road as per the attached map
Safety:	Safety is our top priority. Please stay well away from work sites this also applies to children and pets.

If you have any questions about this closure, please contact me on 027 702 6057 or Jordan Lloyd on 027 807 2270 between 8:00am and 5:00pm Monday to Friday.
