STOP WORK ORDER

Pursuant to the authority and responsibilities of the RCA as stated or assumed in any of the Local Government Act, Health and Safety in Employment Act, and various Utility Acts, **an order is hereby given to stop work on the following job/s:**

| | |
|---------------------------|--|
| CAR NUMBER: | |
| ROAD NAME: | |
| SPECIFIC LOCATION: | |

The reason for this is that the Work does not comply with the following requirements:

| |
|--|
| |
|--|

In the meantime, the only work to be carried out is work that is necessary to remedy either the above aspects that do not comply, or work necessary to protect the safety of Road users, and to remedy any inconvenience to pedestrian and vehicular traffic.

The stopped work is not to recommence until appropriate remedial work is carried out and an 'Approval to Recommence Work' authority is signed and issued by the Corridor Manager.

| | |

Notice of Non-Conformance

| | | | |
|--------------------|--------------------|------------|--|
| Date/Time of audit | | | |
| Audited by | | of | |
| Contractor | ENTER DETAILS HERE | CAR number | |

STMS/Responsible parties:

This notice is to inform you that the temporary traffic management at the following worksite is not in accordance with accepted traffic management practices:

Roads:

This notice of non-conformance is issued in respect of the following temporary traffic management defects: *(delete those that do not apply)*

- STMS nominated in TMP not on worksite
- TC nominated in TMP and briefed by STMS (level LV and level 1) not on worksite
- Copy of signed and approved TMP not on worksite
- Safety audit of temporary traffic management site condition rating 'Unacceptable' OR 'Dangerous'
- Temporary traffic management not in accordance with the CoPTTM
- Inappropriate or excessive TSL

The details of non-conforming temporary traffic management are:

-
-
-
-
-
-
-

The actions required to be implemented are to:

Identify and investigate the root causes of the non-conforming temporary traffic management identified in the SCR and this NNC to find a permanent cure to prevent the problem recurring.

Implement a Corrective Action Plan to:

-
-
-
-
-
-
-

A response to this Notice must be returned within 10 working days detailing the Corrective Action Plans for the defects identified above.

You will be expected to implement the Corrective Action Plan as soon as possible and no later than 20 working days from the date of this Notice.

In order to complete close out of this Notice, we will conduct a further TTM SCR on this STMS with the required result being Acceptable or better. To facilitate this, we must be advised of at least one attended operation under the management of this STMS (24-hour notice is preferred).

Your response will be considered by the Review Panel to determine the close out of this Notice of Non-conformance. All findings will be retained on record by **ENTER DETAILS HERE** for future reference. A copy of this NNC will be sent to NZTA for their records.

Notice sent to: **NAME** on **Wednesday, 30 October 2024**
